

Policy Committee Meeting September 21, 2017

Members Present Dennis Sears, Bob Law, Maryellen Brown

Meeting called to order at 4:39

IHBG IHBGA IHBGR

IHBGR is the SBRSD policy regarding home schooling

This policy is helpful to us. We don't usually accept elementary students in extra curricular activities

IHBGA is unique to SBRSD

Jessie Carpenter felt that the students should be participating in the curriculum He would not want a home schooled student to displace a fully enrolled student.

The committee agreed to hold for final decision at the next meeting

Elementary age children are usually not included in extra curricular activities but may be included after a consultation with the coach

Last sentence in point #3 take out everything after "child" .

Athletic Concussion Policy

The district needs to do an updated letter to DPH. JJIF stating that we are following the JJIF R regulations

Jessie Carpenter stated that coaches need to take the course on Concussion Test.

Impact Concussion Test

The athletic department can administer the Impact Concussion Test Page 4 #2 goes over the whole base line testing. There is not much wiggle room. There does not seem to be a provision to opt out of the concussion test.
