

Dear Students and Parents,

Salisbury Bank is ready to kick off our 2018-2019 School Savings Program! Our first day of School Savings will be on **Wednesday, November 14, 2018**. For those who already have a School Savings Account with us, **WELCOME BACK!**

For those of you without a School Savings Account, let me tell you about Salisbury Bank's School Savings Program. This Program is designed to encourage you to save money for things you may want to purchase later on. You may want to save your money for a new outfit, a video game or even a new bike. Depositing money into your School Savings Account will help you reach your goal.

You can deposit money into your School Savings Account by visiting any of our branches OR depositing money on Banking day when the school savings representative is at your school.

School Savings Program Enrollment Forms are available in any of our offices. Simply complete the form, fold and place in the mail. We will set up the account for you and once your account has been opened, you can start depositing money into it.

If you have any questions, please feel free to contact a customer service representative at 860-435-9801. You can also speak with the school savings representative on banking day.

Thank you,

Amanda Goewey

Vice President, Berkshire Regional Branch Manager
